

BLACK EDITION RUBICON 6

Over the years, DALI RUBICON has marked its position as an elegant and detailed high-end speaker series. As a tribute to the success of the series, we are launching a limited special edition of the DALI RUBICON 6.

The RUBICON 6 BLACK EDITION has a number of eye-catching visual upgrades, including its exclusive Satin Black finish.

The new finish is complimented by distinctive black drivers, providing the speakers with a new powerful look. On the front of the speaker is a decadent golden DALI logo and on the rear you will find a golden serial number plate, which will be signed by the DALI employee who assembled the speakers and will also include its limited number.

The performance has been upgraded too, with an upgraded crossover design featuring premium grade Mundorf capacitors. All internal wiring has also been upgraded with DALI Silver cables.

DALI RUBICON 6 BE will be available in a limited number of 888 speakers.

Don't miss out on this one-off opportunity to experience the DALI RUBICON 6 as you've never heard it before!

Frequency range (+/-3 dB) [Hz]	38 - 34,000
Sensitivity (2.83V/1m) [dB]	88.5
