Rugged Performer.

The ELAN EL-IP-OTF2-SS performs in challenging environments in which standard cameras are not an option. With its stainless steel contruction, IP66 Weather Resistance and SUS316 Corrosion Resistance ratings, the EL-IP-OTF2-SS is the right choice for beach house, watercraft or even industrial installations.

The turret form factor of the EL-IP-OTF2-SS delivers distortion-free video and superior IR images with no IR bounce.

The EL-IP-OTF2-SS turret camera is quick and easy to install, and has greater flexibility in terms of placement compared to dome cameras–it can be either ceiling mounted or wall mounted.

ELAN Discovery

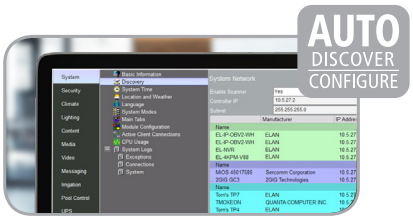
Like all other ELAN Surveillance products, the ELAN EL-IP-OTF2-SS is embedded with the ELAN beacon, making it effortless to install in an ELAN system.

In the Configurator, ELAN Discovery scans your network, both wired and wireless, automatically discovering the SSIDs of available devices. With a click, the camera is configured and installed in the ELAN system. We've eliminated the need to use a secondary application to setup the device outside of ELAN–saving you substantial time on every surveillance installation.

The EL-IP-OTF2-SS has the quality, reliability, best-in-class features and ELAN customer support that you and your clients rely on.

Comprehensive Surveillance

ELAN Surveillance cameras work seamlessly with the ELAN Network Video Recorder (EL-NVR Series) to create a surveillance ecosystem that excels in every application.



ELAN surveillance cameras feature one-click camera setup with ELAN Discovery.

Illumination from Infrared (IR) LEDs enables night vision up to 16 meters.

Motion in front of the camera will be detected and saved as an event.

Back Light Compensation adjusts the exposure of the image to properly expose the subject of interest.

Wide Dynamic Range improves image quality by balancing dark and light areas in an image.
